Index to NLGI SPOKESMAN, Vol. XXXIX

April 1975 - March 1976

Index by Authors

Aust, H. E., *Marketing Factors Affecting Selection and Performance of Greases*, 11, XXXIX, February 1976

Bailey, W. W., *Laboratory Evaluation of Automotive Wheel Bearing and Ball Joint Greases*, 5, XXXIX, August 1975
Co-author, P. R. McCarthy

Barry, H. F., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, H. H. Schreimann, L. E. Putnam, G. L. Price, W. T. Brannen, C. L. Hermann

Berusch, A. I., *Development of Improved Greases for Shipboard Auxiliary Machinery*, 2, XXXIX, May 1975
Co-author, L. G. Schneider

Boner, C. J., *Conservation Not Conversation*, 8, XXXIX, November 1975
Co-author, E. R. Mattison

Brannen, W. T., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, H. H. Schreimann, L. E. Putnam, H. F. Barry, G. L. Price, C. L. Hermann

Christian, J. B., *Polyfluoroalkyl-Alkyl Polysiloxane Grease for Instrument Lubrication*, 11, XXXIX, February 1976

Clark, R. W., *New Equipment for Laboratory Preparation of Lubricating Greases*, 4, XXXIX, July 1975
Co-author, G. M. Stanton

Crocker, R. E., *Polyurea-Acetate Greases*, 12, XXXIX, March 1976
Co-author, J. L. Dreher

DiSapio, A. J., *Silicone Greases - Applications and New Technology*, 8, XXXIX, November 1975
Co-author, D. F. King, Jr.

Dreher, J. L., *Polyurea-Acetate Greases*, 12, XXXIX, March 1976
Co-author, R. E. Crocker

Gannon, J. A., *A New Look at Water Washout of Lubricating Greases*, 10, XXXIX, January 1976

Hanley, W. J., *Lubrication Requirements and Features of the 1976 Automobiles*, 9, XXXIX, December 1975

Harris, J. F., *The Measurement of Grease Noise in Electric Motor Grade Ball Bearings*, 1, XXXIX, April 1975

Hermann, C. L., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, H. H. Schreimann, L. E. Putnam, H. F. Barry, G. L. Price, W. T. Brannen

Herron, R. D., *Lubrication and Grease Problems and Needs as Related to the Coal Mining Industry*, 3, XXXIX, June 1975

Howard, P. L., Jr., *Noise Testing of Rolling Element Bearings*, 2, XXXIX, May 1975

Jenks, G. R., *President's Address — 1975*, 9, XXXIX, December 1975

Johnston, J. B., *New Trends in Petroleum Packaging*, 12, XXXIX, March 1976

King, D. F., Jr., *Silicone Greases - Applications and New Technology*, 8, XXXIX, November 1975
Co-author, A. J. DiSapio

Kingsford, H. A., *Noise Interrelationships Between Bearings and Grease*, 8, XXXIX, November 1975

Lindeman, M. A., *History of an ASTM Method: Evaluation of Greases in Small Bearings — D 3337-74*, 4, XXXIX, July 1975

McCarthy, P. R., *Laboratory Evaluation of Automotive Wheel Bearing and Ball Joint Greases*, 5, XXXIX, August 1975
Co-author, W. W. Bailey

Mattison, E. R., *Conservation Not Conversation*, 8, XXXIX, November 1975
Co-author, C. J. Boner

Nikora, L. S., *Some Considerations Involved in Handling Lubricating Greases in Pumps*, 1, XXXIX, April 1975

Papay, A. G., *Gear Lubricant Additive Technology*, 6, XXXIX, September 1975

Price, G. L., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, H. H. Schreimann, L. E. Putnam, H. F. Barry, W. T. Brannen, C. L. Hermann

Putnam, L. E., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, H. H. Schreimann, H. F. Barry, G. L. Price, W. T. Brannen, C. L. Hermann

Scannell, S. J., *Low Temperature Environmental Testing of Ball Bearing Greases*, 4, XXXIX, July 1975

Schiemann, L. F., *Trends in Hypoid Gear Lubrication*, 1, XXXIX, April 1975

Schneider, L. G., *Development of Improved Greases for Shipboard Auxiliary Machinery*, 2, XXXIX, May 1975
Co-author, A. I. Berusch

Schreimann, H. H., *Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting*, 5, XXXIX, August 1975
Co-authors, L. E. Putnam, H. F. Barry, G. L. Price, W. T. Brannen, C. L. Hermann

Stallings, L., *Performance Characteristics of Lubricating Greases at Elevated Temperatures - ASTM Method D-3336*, 3, XXXIX, June 1975

Stanton, G. M., New Equipment for Laboratory Preparation of Lubricating Greases, 4, XXXIX, July 1975
Co-author, R. W. Clark

Index by Titles

Conservation Not Conversation, C. J. Boner, E. R. Mattison, 8, XXXIX, November 1975

Development of Improved Greases for Shipboard Auxiliary Machinery, A. I. Berusch, L. G. Schneider, 2, XXXIX, May 1975

Gear Lubricant Additive Technology, A. G. Papay, 6, XXXIX, September 1975

History of an ASTM Method: Evaluation of Greases in Small Bearings — D 3337-74, M. A. Lindeman, 4, XXXIX, July 1975

Laboratory Evaluation of Automotive Wheel Bearing and Ball Joint Greases, P. R. McCarthy, W. W. Bailey, 5, XXXIX, August 1975

Low Temperature Environmental Testing of Ball Bearing Greases, S. J. Scannell, 4, XXXIX, July 1975

Lubrication and Grease Problems and Needs as Related to the Coal Mining Industry, R. D. Herron, 3, XXXIX, June 1975

Lubrication Requirements and Features of the 1976 Automobiles, W. J. Hanley, 9, XXXIX, December 1975

Marketing Factors Affecting Selection and Performance of Greases, H. E. Aust, 11, XXXIX, February 1976

Index by Category

GEAR LUBRICANTS

Gear Lubricant Additive Technology, A. G. Papay, 6, XXXIX, September 1975

Trends in Hypoid Gear Lubrication, L. F. Schiemann, 1, XXXIX, April 1975

GENERAL

President's Address — 1975, G. R. Jenks, 9, XXXIX, December 1975

LUBRICATING GREASE

Application

Conservation Not Conversation, C. J. Boner, E. R. Mattison, 8, XXXIX, November 1975

Development of Improved Greases for Shipboard Auxiliary Machinery, A. I. Berusch, L. G. Schneider, 2, XXXIX, May 1975

Lubrication and Grease Problems and Needs as Related to the Coal Mining Industry, R. D. Herron, 3, XXXIX, June 1975

Polyfluoroalkyl-Alkyl Polysiloxane Grease for Instrument Lubrication, J. B. Christian, 11, XXXIX, February 1976

Silicone Greases - Applications and New Technology, A. J. DiSapio, D. F. King, Jr., 8, XXXIX, November 1976

Bearings

Low Temperature Environmental Testing of Ball Bearing Greases, S. J. Scannell, 4, XXXIX, July 1975

The Measurement of Grease Noise in Electric Motor Grade Ball Bearings, J. F. Harris, 1, XXXIX, April 1975

Noise Interrelationships Between Bearings and Grease, H. A. Kingsford, 8, XXXIX, November 1975

Noise Testing of Rolling Element Bearings, P. L. Howard, Jr., 2, XXXIX, May 1975

Manufacture

New Equipment for Laboratory Preparation of Lubricating Greases, G. M. Stanton, R. W. Clark, 4, XXXIX, July 1975

Some Considerations Involved in Handling Lubricating Greases in Pumps, L. S. Nikora, 1, XXXIX, April 1975

Non-Soap Thickeners

Polyurea-Acetate Greases, J. L. Dreher, R. E. Crocker, 12, XXXIX, March 1976

Packaging

New Trends in Petroleum Packaging, J. B. Johnston, 12, XXXIX, March 1976

Requirements

Lubrication Requirements and Features of the 1976 Automobiles, W. J. Hanley, 9, XXXIX, December 1975

Testing

History of an ASTM Method: Evaluation of Greases in Small Bearings — D 3337-74, M. A. Lindeman, 4, XXXIX, July 1975

Laboratory Evaluation of Automotive Wheel Bearing and Ball Joint Greases, P. R. McCarthy, W. W. Bailey, 5, XXXIX, August 1975

A New Look at Water Washout of Lubricating Greases, J. A. Gannon, 10, XXXIX, January 1976

Performance Characteristics of Lubricating Greases at Elevated Temperatures - ASTM Method D-3336, L. Stallings, 3, XXXIX, June 1975

MARKETING

Marketing Factors Affecting Selection and Performance of Greases, H. E. Aust, 11, XXXIX, February 1976

NLGI

Service Industries Activity Committee Presentation - NLGI 42nd Annual Meeting, H. H. Schreimann, L. E. Putnam, H. F. Barry, G. L. Price, W. T. Brannen, C. L. Hermann, 5, XXXIX, August 1975 ■
